

# Octonorm Shell Scheme System

## Octonorm Shell Scheme is a modular stand system comprising a white aluminium framework and Foamex panels

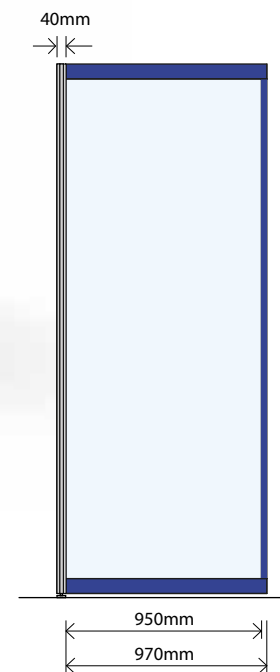

It can be built to any configuration and includes walls, fascia name board and carpet in addition to full on-site installation and breakdown.

The system offers a fabulous finish and the opportunity to enhance your stand in cost effective ways.

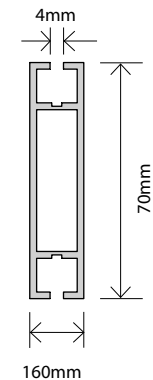

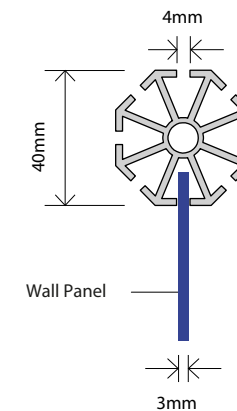

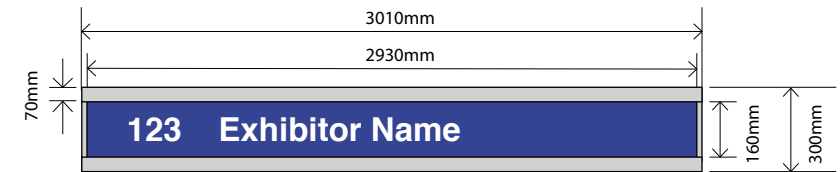

Additional shell scheme accessories such as shelving and storage areas can be added. In addition, the system is compatible with a wide range of graphic options which can show case your exhibition stand in an eye-catching manner.

This system provides a stand space that feels open with clean lines. The supporting wall framework provides adequate space for a variety of electrical lighting options to put your stand in the spot-light.
